Technical Skills

Application and equipment troubleshooting • Platform ownership • Chatbot content and intents • Issue tracking and escalation • Workflow improvement • Technical documentation and training

Tools: Boost.ai, Zendesk, Jira, Genesys, Seismic, Google Workspace, Microsoft Office, Excel, Sheets

Professional Experience

Quanata, LLC / HiRoad

August 2019 - Present

Technical Support Specialist

June 2025 - Present

- Serve as technical owner of the Boost.ai customer support chatbot and Zendesk.
- Develop chatbot intents and maintain insurance FAQs; added 30+ FAQs and removed 130+ during content cleanup, reviewing responses for accuracy, clarity, and relevance.
- Troubleshoot app and production issues, document findings in Jira, and coordinate escalations with product and technical teams.
- Develop CPR Compass, a Customer Care platform prototype for request intake and review workflows, including routing and senior and technical review views.
- Create technical training content to help Customer Care colleagues troubleshoot issues and use support tools.

Customer Sales and Support Roles

August 2019 - May 2025

Most recent title: Senior Customer Sales and Support Specialist

- Trained new hires, led workshops, and developed training content on app troubleshooting, support practices, and customer communication.
- Created response macros, refined production support workflows, and helped test and implement a Seismic AI chatbot.

State of Rhode Island Board of Elections

Election Day Technician

- Set up and troubleshoot election equipment, resolved IT issues during Election Day operations, and provided hands-on technical assistance to election workers.

Preservation Society of Newport County

May 2013 - August 2019

Tour Guide, Cashier, Trainer and Technical Audio Player Specialist

- Trained staff on audio equipment, coordinated equipment and IT troubleshooting with technical teams, tracked devices and artifacts, and delivered historical tours.

Walt Disney Company

May 2016 - January 2017

Disney College Program Intern / Attractions Operations

- Supported attraction operations and safety; helped guests troubleshoot FastPass kiosks, ticketing, reservations, and the My Disney Experience app.
